Re: Our Colleague: Erwin Wieringa

To Whom it may concern:

This letter confirms a long standing respect and collaboration over many years between Erwin Wieringa and Inclusion Press - specifically with Lynda Kahn and Jack Pearpoint.

There are individuals who continue to demonstrate excellence not only in professional capacities, but also as friends. Erwin is one of those extraordinary people. His work, his commitment, his values and his delivery are all outstanding. Individually, and together, both Lynda and I have had the privilege of working with and for Erwin. He has collaborated with us. He is on the faculty of our Toronto Summer Institute. We are now proud members of his organizational Advisory Board.

We look forward to many more years of close collaboration with a great learning partner, as we continue our shared commitment to create welcoming communities where everyone belongs.

With appreciation,

Jack Pearpoint

Lynda Kahn
